

6<sup>th</sup>  
Theranostics  
World  
Congress

June 24–26, 2022

RheinMain Congress Center  
Wiesbaden, Germany

# Datasheet TWC 2022

## Congress name

6<sup>th</sup> Theranostics World Congress

## Congress slogan

Radiomolecular Precision Theranostics: The Patient, Molecule and Dose.

## Congress date

June 24–26, 2022

## Congress venue

RheinMain CongressCenter (RMCC)  
Friedrich-Ebert-Allee 1  
65185 Wiesbaden

## About the Congress

In 2011, a nuclear medicine physician and a radiochemist, namely Prof. Dr. Richard P. Baum and Prof. Dr. Frank Rösch, founded the very first Theranostics World Congress (TWC) in the field of nuclear medicine covering the topics *Gallium-68 and Peptide Receptor Radionuclide Therapy - THERANOSTICS – on the Way to Personalized Medicine*. Since then, the TWC has developed as the most important forum for mutual exchange and a true bench to bedside view on scientific and clinical developments. With this 360° perspective on *Theranostics and Radiomolecular Precision Oncology*, the TWC is truly a platform for all players in this exciting field. And this worldwide! From Europe to India over America to Australia and Asia, the TWC was held in several venues around the world.

Over the years, the field of *Theranostics* has been growing outstandingly with an exponential increase in publications, new clinical indications, promising novel radioisotopes, and new treatment concepts. Even 10 years after the first TWC took place, the exciting fields of *Theranostics and Radiomolecular Precision Oncology* are still at its beginnings.

We want to take a 360° view on the wide field of *Theranostics* in *Radiomolecular Precision Oncology*. **Some of the topics this year are:**

- Radioisotope Production and Distribution – What is the Future?
- Radiochemistry and Radiopharmacy – New Developments
- Neuroendocrine Tumors
- Prostate Cancer
- Novel/other indications/Genetics
- Medical Physics/Dosimetry/Al/Instrumentation
- FAP, Radioprotectors, Radiosensitizers
- Patient Forum/Round Table Discussion

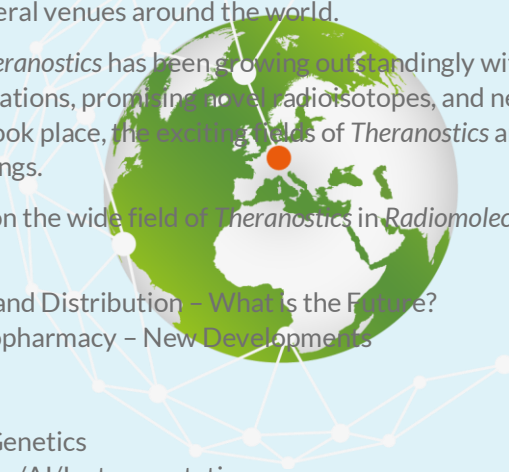

2022 is also the year for the celebration of 25 years of Peptide Receptor Radionuclide Therapy (PRRT) in Germany which started in Frankfurt/Main in 1997.

There is certainly a lot to discuss and celebrate!

Therefore, it's our great pleasure to welcome you to the 6<sup>th</sup> Theranostic World Congress from June 24 – 26, 2022, in Wiesbaden, Germany.

## Congress President

Professor Dr. Richard P. Baum  
President Academy, International Centers for Precision Oncology (ICPO)  
Chairman, Scientific Board ICPO

## Organiser

Kongress- und Kulturmanagement GmbH  
Rießnerstraße 12 B  
99427 Weimar

Phone: +49 3643 2468-0

E-Mail: info@kukm.de

## Abstract submission

The abstract submission is opened till April 15th, 2022. Abstracts can be submitted for one of the following topics:

### Advances in Radiochemistry & Radioisotope Production

- Novel isotope production strategies
- New radiolabeling approaches
- Isotope supply
- Advances in chelator chemistry

### Clinical Applications

- Theranostics for PCa & NET
- FAP inhibitors
- Novel indications (Adeno-CAs, Sarcomas)

### Highlights in Preclinical R&D

- New targets and interesting vectors
- Strategies for PK improvement (e.g., albumin binders)
- Pre-targeting approaches
- Multi-modal theranostics

### Nuclear Medicine meets Genetics

- Genetic reasons for (non)responding

### Other/Variou

If the abstract is accepted, presenters must register for the congress and pay the registration fee by 31 May 2022. All accepted abstracts will be presented as posters. A limited number of abstracts will be selected for oral presentations.

## Registration fees

### Onsite participation | Regular Congress fee

- Early Registration until 1 May 2022= 500 €
- Regular Registration from 2 May 2022= 650 €

### Onsite participation | Fellows Fee<sup>1</sup>

- At all times = 80 €

### Onsite participation | Patients<sup>2</sup>

- Free access to the congress

### Onsite participation | Social Evening

- Regular, Fellows<sup>1</sup>, Patients<sup>2</sup> = 150 €

### Online participation

- Regular, Fellows<sup>1</sup>, Patients<sup>2</sup> = 250 €

# Datasheet TWC 2022

<sup>1</sup> Refers only to full-time students, PhD **students** and physicians in training at time of the congress. For students, the registration form must be accompanied by a copy of a student ID card (still valid in June 2022). **PhD students** must submit an official letter from head of department or an enrollment certificate (issued from their university, still valid in June 2022) confirming their PhD student status. **Physicians in training** ('Assistenzarzt/-ärztin', 'Weiterbildungsassistent/-in' or 'resident physician') must submit an official letter from head of department confirming they are still 'in training' and haven't obtained any medical specialization at time of the congress. **Physicians with specialization** ('Facharzt/-ärztin', 'specialist' or 'consultant') cannot be considered as (PhD) students or physicians in training, regardless of university enrollment or training in another discipline.

<sup>2</sup> To register as a patient advocate, you will be required to upload a signed and stamped letter from your medical doctor or from an acknowledged patient network confirming your status.
